IN THE LAKE STORMUNKNOWN VESSEL FOUNDERS
IN ONTARIO.

Much Damage Reported By the Storm On the Different Lakes—News Brought to Land By a Carrier Pigeon—Desolation in the Florida Cyclone's Wake.

CHICAGO, Oct. 12.—A furious north-west gale struck Lake Ontario, Lake Erie, and Lower Lake Huron Wednesday night. For many boats the storm came unexpectedly and considerable damage was done to shipping. Several boats are known to be disabled and helpless on the lakes but their identity will not be known until the storm abates or they are driven ashore. A large number of boats are under Long Point, on the north shore of Lake Erie, but it is impossible to get the names.

The only report of loss of life comes from Oswego. A vessel thought to be the Hartford foundered with all on board. Elsewhere several sailors were injured seriously during the storm. Heroic work by the various life saving stations prevented greater loss of life. Doubtless there would have been a much longer list of disasters had not many vessels remained in shelter, where they were driven Monday and Tuesday by the heavy winds.

Corea's Independence to be Acknowledged and a Suitable War Indemnity Paid, According to Announcements Made in Shanghai Today—Other Reports.

The viceroys, Yun Kwei and Hu Kwang, have been summoned to Peking for a council.

The Japanese cruiser which was lately mistaken for the Yoshino was probably the Chi Yofa. The Japanese admiral has been making sham demonstrations with dummy ships painted white like war vessels, but they are always the same two cruisers appearing about the promontory of Shan Tung. The Japanese are taking elaborate pains to conceal their losses in the recent engagement.

The truth is gradually coming out that the fleet was more seriously crippled than the Chinese were aware. English papers received here contained a falsified version of the Chinese emperor's declaration of war as circulated in Europe. The phrase "rooting the pestilent Japanese from their lairs" was not in the original document. Experience has shown that the Japanese accounts of events preceding and during the war have been systematically misleading.

Field Marshal Count Yamagata has established his base of operations at Ping Yang, which is near the sea and easy of access to the supplies. It is generally hoped the Japanese will be in possession of Moukden by the early part of November. Other important military operations are under way, but their objects are as yet kept secret. Early results, however, are expected. China has been formally notified of the surrender and dispatch to Nagasaki of the steamship Tenkyomaru, together with its European and Chinese crew. A state of siege has been declared in the district of Hiroshima under article XIV. of the Japanese constitution.

Chinese No Longer Deny It.

Spikes were pulled from rails and the baggage-car, coach, chair-car and sleeper ran off on the ties. The damage was trifling and no one was hurt, but the track was blocked five hours. The ground for the robbery theory is that a man called at the South Denver early in the night and intimated that the train was to be wrecked and robbed. Orders were given for it to proceed slowly, and it was running at a speed of eighty miles an hour. It was not supposed that the attempt would be made so near the city. There is no clew to the miscreants.

Messenger Page shot twice at the bandits and came near losing his life. The engineer and firemen called to Page to open the door, as the train robbers were going to shoot them if he did not and were prepared to blow up the car with dynamite. He complied with their request in order to save their lives, and the robbers looted the car of four bags of gold, the amount of which is not known. Then they cut the engine loose and boarded it and ran toward the city. The engine was then released and set on a wild run toward the train, but by the time it had reached its destination the steam had run so low that the collision caused but little damage. The clerk was frightened almost to death and, jumping back, slammed the door in the face of the burglar. The assistant night clerk blew a police whistle and several officers were soon on the scene. The burglars had fled, however, before the arrival of the officers.

Frank Charles was arrested about an hour after the attempted robbery, on suspicion. The postoffice is situated in the heart of the city and the would-be burglars doubtless thought Garney was alone in the office, as it was time for his assistant to be off duty.

WOOL NOT HELPED BY THAT FREE LIST

ROCK COUNTY FARMERS HAVE QUIT HOPING.

Shopiere Mill Runs Again—Burglars Try to Enter Fred Gould's House In Lima—Pastor Pool Visits His Old Cooksville Flock—Brief Country Notes.

BEL IT Oct. 12.—Rock county farmers are no longer waiting for better prices on wool. They realize at last that putting wool on the free list was not for their benefit. Many and careful inquiries of wool producers fail to show that the prices offered for Rock county wool are any higher since wool was put on the free list. There are many wool growers in this vicinity who would like to find some buyer in their immediate vicinity who is paying more for wool than he was offering without takers sixty days ago. One grower is quoted as saying: "I voted for Cleveland and free wool in 1893. I got Cleveland, and—*I've got within six cents of free wool!*"

SHOPIERE MILL IS READY TO RUN

New Machinery Has Been Put In and Numerous Improvements Made.

SHOPIERE, Oct. 12.—The Shopiere mill has been repaired, new machinery put in and is now in first class order and ready for grinding. Joseph Dockstater lost one of his best cows on Monday. She was found dead in the pasture. George Fern lost a spring calf the same day, cause unknown. Ernest Miller, of Clinton, Iowa, is visiting relatives in this place. Mrs. Harry McArthur, of Fort Atkinson, is home on a visit. James Parker is visiting a brother in Illinois this week. Ed Hopkins is improving the looks of his place with some new buildings. Miss Mattie Truesdell has been visiting in Rockford the past week. Fraternity hall association are making some improvements on their building; are putting in a dining room and making other improvements. Samuel Liscomb, of Iowa, has been visiting here. Nick Schenk has a very nice crop of potatoes that he has been digging the past week.

Mr. Carpenter has moved into the Methodist parsonage, and is ready to look after his flock. Al Root, of Whitewater, was here this week selling apples and visiting relatives. CROPS GOOD IN SOUTH CLINTON

Threshing Nearly All Finished—Knut Thompson as a Cyclone Dodger.

SOUTH CLINTON, Oct. 12.—Threshing is nearly all finished in this vicinity. As a rule this year's crop of grain was excellent, barley yielding from thirty to forty-five bushels per acre and oats forty to fifty. Corn will be a good average crop. Beloit people seem to enjoy visiting friends here during the hard cider season. G. E. Gilbertson is enlarging his house in the direction all the rain came from. Henry Anderson, H. O. Lanfoll, Ed. Seavert and Charles Ler went fishing last week at Delavan lake. They had unusual luck catching two and three fish for every bite. Knute Thompson returned last week from a trip through the west. Knute had his usual good luck. Whenever a cyclone struck, it hit the place he stopped at the night before. Rumor says there will be a wedding here this fall. We hope she is right. It is now over a year since such a thing happened here, and it might not be

well to let the old established custom drop into oblivion entirely.

OLD PASTOR BACK IN FOOTVILLE.

Rev. C. W. Pool Visits His Old Congregation—Weddings and Social Notes.

FOOTVILLE, Oct. 12.—C. W. Pool, a former pastor of the Christian church, was visiting among his old friends here during the past week. Miss Elizabeth Ogden and sister Edith attended the Schroder wedding at Center on Thursday last. Misses Mary and Bulte Crall, of Janesville, are visiting their sister, Mrs. Belle Owen. Horace Wright and family, late of Clark county, have moved into the house formerly occupied by F. W. Owen. The Jesse Harvey steam threshing outfit passed through town during the first of the week and finished up what few jobs that were to be done. George Snyder, who is a dental student at Chicago was home visiting his mother on Sunday. Miss Nettie Stuart was in Janesville with her parents during last week. Mr. Garlick and wife went to Roscoe on Monday. Mr. Brown is acting as depot agent while F. M. is absent. Miss C. Smiley, of Orfordville, was a pleasant caller here recently. A number from this place went to Madison to hear McKinley on Tuesday, and all were well pleased.

JOHNSTOWN HAS A SMASH-UP.

Mr. and Mrs. Roe Left in the Road by a Reckless Driver.

NORTH JOHNSTOWN, Oct. 12.—While Mr. and Mrs. George Roe were on their way last Thursday to attend the Jefferson fair, and driving through Fort Atkinson, a man drove into the back of their carriage, breaking every spoke in one wheel except three, and leaving them sitting in the road. He then put the whip to the team and was soon out of their reach. Rev. I. S. Jones left Monday for Hawpach, Ind., to attend the Western Association. He expects to return Friday. The ladies' aid society postponed their supper one week, and it will be held at the church next Wednesday evening. All are invited. John McLean, of Whitewater, is spending part of this week at his home on the town line. The many friends of Mrs. Willis were saddened to hear of her death in Minneapolis last Sunday evening. She was brought here for burial, the funeral services being held Wednesday afternoon, at the home of her father. She leaves a husband and two children, besides many other relatives, to mourn.

TEMPERANCE WORK AT AFTON

District Lecturer C. T. Everett of the I. O. G. T. Talks—Mrs. Waite Better.

AFTON, Oct. 12.—District Lecturer C. T. Everett, of the I. O. G. T., spoke on the subject of temperance last evening in a very forcible manner and did much good for the order. Afton I. O. G. T. lodge is prospering. Little husking for cribbing is being done, the corn not being sufficiently dry. Some Afton citizens report a big time in Madison on Tuesday last, especially the big jam in entering the gymnasium. The I. O. G. T. of this place are billed for an entertainment in Lawton hall, and a supper following, next Tuesday evening, October 16, the proceeds to go towards relieving the Phillips sufferers. Twenty-five cents admission to both entertainments. Warner Kleber has gone to the northern part of the state to resume his labors as telegraph operator. Many friends are glad to see indications of the returning health and strength of Mrs. Lizzie Waite. Word came Thursday of the death of Mrs. Mary Sackett, who died Wednesday night.

THOMAS PARKS AN OLD SETTLER

He Came to Rock County To Live Forty-Five Years Ago.

Many a person was saddened by the death of Thomas Parks, whose demise occurred September 21. Mr. Parks was born August 6, 1826, at Heage, Derbyshire, England. At the age of twenty-four he came to America with his parents and landed in Janesville June 29, 1849. In November, 1851, he left for California, returning in July, 1856, and settled on Albion Prairie. In 1861 he joined the Third Wisconsin Cavalry and served three years. He was married in 1865, and has since resided in Rock county, the last nine years in Janesville. He was a member of the First M. E. church, and was a man of good principles. His word was as good as his bond. He leaves a wife, but no children.

BAPTISTS AND PRESBYTERI- ANS SAY "THANK YOU."

Janesville Folks Treated Them Well and They Are Grateful—The Synod Will Meet Next In Oshkosh—Rev. Dr. Brown May Have a Co-Worker.

Presbyterians have gone home after thanking the people of Janesville and the local press for courtesies extended.

Oshkosh was chosen as the next place of meeting.

Rev. Dr. W. F. Brown may have his labors divided. The post of synodical missionary has been filled for six years by Rev. W. D. Thomas of La Crosse. The work has been growing and now keeps the missionary away from home constantly. The synod voted yesterday afternoon to ask for a second missionary, and if the home mission board approves, the appointment will be made.

It was voted by the Baptist Young People's Union of Wisconsin to urge the selection of Milwaukee as a place of meeting for the Baptist Young People's union of America in 1896. Strong work to this end was done in the Toledo convention last summer, and a vigorous campaign will be made in Baltimore next summer. Officers for the ensuing year were chosen as follows:

President—Joseph Moody, Milwaukee.

Secretary—R. H. Hosking, Milwaukee.

Treasurer—Emma G. Saxe, Oshkosh.

Last evening the prayer and praise meeting was led by Rev. R. H. Colby. A report of the young people's societies and their work was presented by Joseph Moody. Rev. A. Kempton gave an address on "The Relation of the Young People's Movement to the Future Development and Progress of Our Baptist Churches," and the session closed with an address by Rev. W. M. Lawrence, D. D., of Chicago.

The only work left by the Baptist convention for today was the meeting of the board of managers. The board arranges the minor details of the year's work, especially in the mission field. It adjourned at 3:30 p. m. and the Baptist gathering for 1894 was at an end. The association members were warm in their praise of Janesville's hospitality. Treasurer F. C. Dunsmore gave an especial word of acknowledgement to the First National Bank for aid rendered.

An Eminent Lawyer.

Thomas M. Cooley, who recently retired from the presidency of the American Bar association, was born in Attica, N. Y., 70 years ago and when 21 years of age was admitted to the bar of Michigan, much to the surprise of the lawyer he had been studying with. This worthy

From Sydney he worked his passage to London on a steamer. From London a steamer took him to Baltimore, and from Baltimore he tramped back to New York, arriving in the metropolis a few days before his year ended.

The Grand Old Man's Daughter.

"The Grand Young Daughter of the Grand Old Man" is the way Newnham college girls speak of Miss Helen Gladstone, daughter of England's ex-premier and vice principal of the college at present. She was graduated from the college not long ago, and the faculty at once engaged her to fill the important post she now occupies. She is a MISS HELEN GLADSTONE, woman of rare intelligence and education and ranks high among the emancipated daughters of England of whom the world hears so much nowadays.

**He Wrote "Marching Through Georgia."**

Although every American is familiar with the words and music of "Marching Through Georgia," few people know who wrote the famous song. The author's name was Henry C. Work, a printer who wrote many other popular songs, including "Father, Dear Father, Come Home." He was born in Middletown, Conn., Oct. 1, 1832, and died in Hartford June 8, 1884. He was buried there in the Old North cemetery, and his friends propose to erect a suitable monument to his memory.

WILSON IN PERIL.

W. L. Wilson, like all his predecessors at the head of the ways and means committee who made or attempted to make any changes in the tariff, has a hard fight on his hands in his endeavor to secure a re-election.

Wilson's district cast about 43,000 votes for congressman in 1892, and out of this large aggregate Wilson's plurality over the republican was only 1051. This is a perilously small margin for a man in Wilson's situation.

In 1892 there was no especial incentive for republican hostility to him. He was merely an ordinary democrat, who had no actual influence on legislation beyond that attaching to his vote.

There is plenty of reason for hostility now. Moreover, the peril to Wilson is heightened by the fact that the conditions are far less favorable to his party this year than they were in 1892. Then there was a democratic tidal wave, but now the current is as strongly and as conspicuously in favor of the republicans. Many states which then went democratic, or which went republican by small majorities, have since been carried by large majorities by the republicans. The customary mid-presidential term reverse in the congressional elections for the party in power is expected on all sides to be materially extended and intensified this year. If the democrats in the next house manage to retain any of their present ninety-one plurality they will be as much surprised as the republicans, and all the signs and portents say that Chairman Wilson is likely to be one of those who go down in the wreck.

BELLS RING TIDINGS OF JOY

Thomson-Scotfield.

A very pleasant party was held on the evening of October 10, at the beautiful residence of George Scotfield, on Milton avenue in the city of Janesville.

The occasion was the marriage of his daughter, Clara Emma Scotfield, to John A. Thomson, of the town of Fulton, Rock county, by Professor Whitford, of Milton college. All the family of Mr. Scotfield were present, except the oldest daughter who is married and lives in Indian Territory.

Twenty-five invited guests, principally relatives of the parents of the groom and bride, witnessed the ceremony and partook of a most bountiful supper. The friends of the bride showed their esteem for her in some excellent and sensible gifts. The couple departed early in the evening for a visit at Madison and the Dells of Wisconsin.

Mr. Scotfield, after marrying Sarah Elizabeth Hurd, the daughter of Silas Hurd, the very extensive farmer in the town of Fulton, settled at Indian Ford, in that town. Here were born to them seven children, one son and six daughters, all now living.

About five years ago they moved to the city of Janesville where the main portion of the family now reside. The son is married and manages the farm of his father, near Indian Ford. Mr. Thomson proposes to begin house-keeping at once in Janesville.

CITY LOST \$100,000 BY EARLY CLOSING

**BUSINESS MEN SAY IT DRIVES
AWAY TRADE.**

Farmers Won't Come to the City to Trade After Getting in the Habit of Going to the Smaller Towns—Brief Bits of News For Our Busy Readers.

BUSINESS men are looking into the early closing arrangement and many favor a change. "The city loses \$100,000 worth of trade a year through closing up at 6 o'clock," said a west sider last night. "The fact that stores are open two nights doesn't help. Farmers won't bear in mind which nights those are. They drive in once or twice, find everything closed up, and the next time they go over to the 'corners' or to some of the smaller towns, where stores get their biggest trade after 7 o'clock at night. Once they get in the habit of trading away from Janesville at night they stop coming in for their daylight business too. A Milton store-keeper told me yesterday that he didn't want anything better than to have the Janesville stores close early. He says he lost three times as many goods in the last year as in any year before and he attributes much of his gain to Janesville's course."

This football game tomorrow afternoon will be called at 3 p. m. Admission will be twenty-five cents. The Janesville boys have been coached by F. J. Warner of the Beloit college class of '97, a member of this year's first team at the college.

My Wife

And I never have any altercations, and our neighbors marvel at our congeniality. What's the reason for this blessed state of affairs? you ask. Well, when first our two throbbing hearts were made one, we established a sort of a set of rules which both of us have adhered to very steadfastly. But even then differences would arise. For instance: We wanted a buggy. She was in favor of one of those one hundred dollar buggies the Janesville Carriage Works are selling for seventy-five dollars while I favored another make. She wanted her way and I wanted mine.

"Did we quarrel? Not a bit of it!" We effected a compromise. That's an agreeable way to settle such disputes, you know. Which kind did we buy? "H'm—well, we saved twenty-five dollars and bought the \$100 buggy for seventy-five dollars, the kind my wife wanted."

Great Sale of Men's Soft Hats. We have a lot of the latest style soft hats, the very latest shapes, finely trimmed and lined, genuine fur, perfect in every detail, we will close out for 98 cents each. THIRTEEN TEAMS PULL DIRT A MILE

**MILWAUKEE STREET CUT
PROVES EXPENSIVE.**

No Change in the Grade West of Bluff Between Bluff and Division the Car Tracks Must Come Down—Contractor Curtis Angry Over Lack Of Blocks.

Thirteen teams, an unlucky number, are now engaged in hauling the excavated rubble, etc., from East Milwaukee street. The rubble is being hauled to the lower end of Main street, where it is being used in making better roads from the brewery over a marsh on Eastern avenue.

It takes a team about one hour to make a trip, and is proving quite expensive. The unlikelihood of thirteen may be manifesting itself in this manner. The third ward pays for the haul, as the contractors are expected to draw the dirt two blocks only.

"There will be no change in the grade of the street from Main to Bluff," said Contractor Ryan to-day. "The railway track is at grade. In the next block from Bluff to Division, there will be considerable cutting down, in some places about a foot. The track will go down about eleven inches."

Contractor Curtis, who has the paving of West Milwaukee street, is all out of patience on account of the delay in receiving blocks. "We could finish the job in five hours if we had the blocks," said he this afternoon. The street is all paved except a little piece near High street."

WRECKED CARS FIXED UP HERE

Remains of the Smash Up Near Darlington Brought to Janesville.

Four or five broken flat fars were hauled into Janesville this morning, and piloted into the Chicago, Milwaukee & St. Paul shops for repair. The cars came from the Darlington line, and were the ruins caused by the wreck that occurred there. One of the cars broke down while the train was in motion and caused two or three more to jump the track. No one was injured and the wrecking train soon cleared away the debris, but trains behind the smashup had to wait about two hours.

BOX 15 NOT PULLED MALICIOUSLY.

Last Night's Alarm Was Sent In Very Properly.

Night Yardmaster Winans, of the Chicago & Northwestern, saw smoke issuing from a dining car at 10:40 o'clock last night, and turned in an alarm from box 15 at Wall and Academy street. The car was on a side track near High street. Mr. Winans did not wait at the box, and when the firemen arrived they could see no cause for an alarm. Mr. Winans explained the matter this morning entirely satisfactorily.

BORNE TO THE LAND OF REST.

Edward Williams.

A man well known in Janesville and Rock county was Edward Williams of Spring Valley, who was yesterday laid to rest in the cemetery at Mount Zion. Mr. Williams formerly resided in Janesville where he was connected with the Bennett Hardware Co. He was a son of Sanford Williams and was thirty-three years old when he died. While overseeing the work of a steam shovel on a railroad contract three years ago he was injured and this injury resulted in consumption which was the cause of death. Herbert Lawton, Albert Palmer, Charles Lawton, Charles Roberts and Harry Sykes acted as pall bearers at the funeral.

Funeral of John Gallagher.

Many friends and relatives attended and the interment was made at Mount Olivet cemetery. The pall bearers were James Connell, John Connell, Lawrence Crane, Jr., William Campbell, Joseph F. Donahoe and William Mooney.

Mrs. Mary Sackett.

Death came to Mrs. Mary Sackett at her home in Afton yesterday morning, after a protracted illness with a bowel difficulty, aged fifty-five years. Two sons by a former husband, Frank and Robert Hancock, both of Afton, survive. The funeral will be held at 11 o'clock Saturday morning at the home in Afton.

Mrs. Manley Wilcox.

Mrs. Manley Wilcox died at her home in the town of Harmony at 5:30 o'clock this morning, and the funeral will be held from the home at 2 o'clock Sunday afternoon.

REV. SMITH IS STILL UNCONSCIOUS His Chances For Recovery Were a Little Better Today.

He is able to move his eyelids a trifle and otherwise shows a little stronger vitality but as yet he cannot speak or recognize people.

Major S. S. Rockwood will speak on the political issues of the day at Milton Saturday night, Emerald Grove on Monday evening, and at Evansville on Tuesday evening.

SEND IN A FIRE ALARM QUICKLY.

But Officials Want People to Act With Speed and Judgement Both.

Turning in a false alarm is an expensive way of amusing yourself, but the officers of the department will not censure anyone for turning in an alarm when there is the slightest excuse for it. Smoke issuing from a building, especially from the roof, is sufficient cause for promptly sending the alarm without further investigation. The time lost in investigating too often proves disastrous. Send the alarm and let the firemen do the rest, and no one will be blamed by the department.

DEAD MAN FOUND AT DARIEN

GRUBB BROS.

A Diamond Importer Here.

In F. C. Cook & Co's. store this morning a gentleman was seen showing several large trays of diamonds and fine jewelry. A Gazette reporter's inquiry developed the fact that he represented a large importing house, that he came here exclusively to see F. C. Cook & Co., and they were buying a large stock for fall and winter trade. This is no new idea for this house, they buy everything in their line direct from the importer or manufacturer, and thus save their customers a great deal of money.

Fair and Cooler Tomorrow.

Forecast: Tonight and Saturday fair and cooler.

The temperature as recorded by S. C. Burnham & Co. during the last twenty-four hours was as follows: 7 a. m. . . . 50 above 1 p. m. . . . 56 above Max. . . . 56 above Min. . . . 46 above Wind, south.

Came In Yesterday.

We were looking for them, have been for some time, we took them right in and gave them the best we had. Any genuine calf skin shoe with picadilly and razor toe that sells for \$3, is worthy of good treatment. We have waited a month, so have many others, but now we can supply you.

DEBTOR MUST FIGHT IN SUPREME COURT

**LOCAL MERCHANTS TO TEST A
STATE LAW.**

Garnishee Statute As Now Interpreted too Liberal to Married Men and the Question of Its Proper Construction Will Be Raised—One Hundred Men to Join Hands.

An association of one hundred local business men to test the state garnishee law probably will be formed. The question of how much of a married man's wages are exempt from garnishee proceedings has never been tested. The new law is very sweeping but merchants think it has been construed too liberally.

To make a satisfactory test it will be necessary to carry the case to the supreme court. The plan is to have one hundred merchants who suffer from bad debts—and there are at least a hundred in town—put in one dollar apiece. Proceedings will then be commenced in the name of some member of the group against a married debtor and the case carried right through to the highest court.

"As the law is now interpreted, merchants are absolutely unprotected against married men who wish to be dead beats," said a local business man. "We don't think the legislature intended it that way and want to have the matter tested."

Fruit, Celery and Candy.

John Spivak, the fruiterer and confectioner, at No. 6 South Main street, returned from Chicago last evening, where he spent Thursday buying fruit. He has on hand now the finest lot of fruits of all kinds ever in the city, which he is selling very reasonably. For instance, he sells the finest of celery, twelve large stalks in a bunch, for ten cents a bunch. Tomorrow he will sell New York fancy Concord grapes for sixteen cents a basket each basket weighing ten pounds. Don't forget that tomorrow is the last day of the special sale on candy. Fresh peanut and molasses taffy every hour ten cents a pound, all at Spivak's, 6 South Main street.

Police Used Their Clubs Freely.

NEW YORK, Oct. 12.—There was a public meeting of the striking cloak makers in Rutgers square last evening. Some fighting took place during the evening and the police used their clubs in a brutal fashion in dispersing the crowd. Numerous complaints have been made to Supt. Byrnes about the matter.

ATTORNEY J. L. Mahoney leaves this evening for Dickinson South Dakota, and will not return until next week.

Don't Offer a Reward

For your lost appetite. All know that it is a valuable piece of personal property, but why go to the expense, when Hostetter's Stomach Bitters will restore it to you. A course of that purgative and corrective not only induces a return of the relish for food, but confers upon the stomach the power to gratify appetite with unpleasant sensations afterward. For the purpose of quickening digestion, arousing a dormant liver or kidneys, and establishing regularity in the bowels, no medicine can exceed this general family cordial, in which the pure alcoholic principle is modified by blending with it the elements of the highest efficacy. Avoid the fiery unalloyed stimulants of commerce as a means of overcoming inactivity of any of the organs above mentioned, and use, instead, the Bitters. This professionally sanctioned medicine remedies malarial and rheumatic ailments.

Mistress—What! The cream all gone again? I really cannot understand it. Servant—Please, mum, the cat! Mistress—Nonsense! when we haven't one. Servant—But, please, mum, you said as you was going to get one.

Mr. Meeker—It grieves me sorely, my son, to learn that you tell untruths. Take Washington for example. He never found it necessary to lie. Junior Meeker—I know it, father, but in his day there wasn't anything to lie about. He never tried to trade an air gun for a bicycle.

A fox just at the time of the vintage, stole into a vineyard, where the grapes ripe and sunny were trellised up on high, in a most tempting manner. OUR POLICY.

When we opened our store it was with the fixed determination to use every effort to get together only goods of the most reliable quality and distribute them at the lowest consistent prices—to bring our customers as near the first cost of production as possible by doing away with the profits of immediate dealers. This we have done through our superior facilities. From this policy we have never swerved nor wavered, and those who deal with us realize that as we added each new department they have been enabled to buy the goods lower than ever before, because our first aim has been to get prices down to a legitimate basis and the assortments larger and more complete than any other. Our store is three hundred and sixty-five times better than it was a year ago, every day has been devoted to improving our stocks, our system and our service, and every day will continue to be devoted to improving. We never under any circumstances make exaggerated statements, and our advertisements are always fully sustained by the goods shown—a fact easily verified by investigating those offered to-day.
